Veganía is a certified vegan wine inspired by a respect for animals and the planet.

The wine is crafted with no animal-derived ingredients, replacing them with plant-based alternatives at no compromise to quality or taste. The functional brand name and nature-inspired label design unmistakably identify Veganía as vegan and create awareness that not all wine is compatible with a plant-based lifestyle.

WINE NOTES

Fresh aromas and flavors of roasted almond butter, dried peach, ripe cantaloupe skin, and caramel green apple in milk with a supple, bright, dryish medium body and a graceful, engaging, medium-length finish with shades of cashew milk with no oak flavor. A nice quaffable Pinot Grigio with charming flavor and a gentle finish.

MENÙ PAIRINGS

Versatile and fresh, this wine is delicious on its own and the perfect match to a variety of plant-based cuisine. Enjoy with pasta primavera, garden salads, hummus and crudité featuring marinated olives and pickled vegetables.
